

POLICY: CONSOLIDATING CHAPTER BANK ACCOUNTS

The Wisconsin chapters are to consolidate their checking accounts, leaving NIPE and PSC with their own accounts since they are in different states. Each Wisconsin chapter gets its own checking account within TPE's central account. The existing handbook will not be clear and needs to be re-written but the concepts will be the same and chapters should be able to get regular reports once finalized with the chapters. Each chapter will have to close their own checking and savings account shortly. There will be contact from Central to facilitate the transfer of funds.

Adopted September 13, 2006
