Old Growth Ecosystems Hidden Knowledge and Ancient Stories

More than 500 Prairie Enthusiasts across our region will come together again this winter for three days of learning about prairies, oak savannas and other fire-dependent ecosystems of the Upper Midwest.

Demonstrate your support for prairie protection and restoration by becoming a sponsor today! You will be recognized in conference promotions targeting our audience of 2,500+ nature-lovers. You will be invited to showcase your products or services, network and learn alongside our community throughout the conference.

Many thanks to our 2026 sponsors for your support!
