

The Prairie Enthusiasts

Boundary and Entry Sign Catalog

As of September 15, 2026

The Prairie Enthusiasts Owned Properties

These are 9"x12" metal signs to mark the boundary of the property. It is recommended that either a habitat sign or a natural area sign go on one side of the post, and the private lands ahead sign go on the other side of the post. Either white and yellow signs may be chosen based on best visibility. Approximate price is \$7/each.

These metal welcome signs may be placed at entrances of the site to indicate acceptable activities on the site. They are 24"x18" and are approximately \$20/each.

Featured uses may include common activities such as: wildlife viewing, hiking, fishing, cross country skiing, etc.

Open for includes activities that may require other permits, but no permits are needed at the site. This may include activities such as: hunting, fishing, bow hunting, etc.

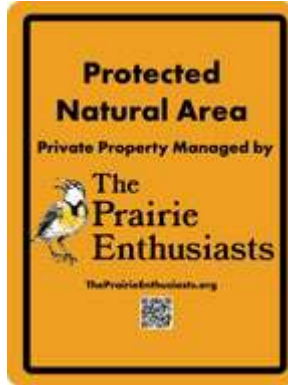

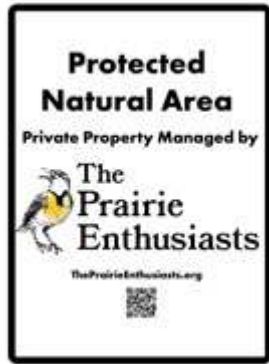

Open by permit only includes approved activities that require a TPE permit such as: gun hunting, bow hunting, etc.

Closed for includes common activities that are not approved for the site such as: motor vehicles, horses, camping, collecting, biking, gun hunting, etc.

Call out message at the bottom can be used for prohibited activities that are of significant concern such as "No dogs allowed."

Stainless steel hardware should be used on all metal signs to prevent rust.

Private Properties with Easements TPE Holds
